

**Incentives and Rebates for Energy-Efficient Windows  
Offered through Utility and State Programs  
Provided by the Efficient Windows Collaborative • 2018 • (Updated January 8, 2018)**

<http://www.efficientwindows.org>

**Do you intend to equip your home with high-performance, energy-efficient windows?**

**Do you plan to improve your home in a way that lowers energy costs and provides for a comfortable interior?**

**Are you looking for utility programs that can help you finance such an investment in efficient windows?**

The following pages give an overview of utility and state programs to help finance improvements in window energy efficiency. Programs are listed by state and by the specific utility companies that administer the programs. For detailed information about each program, please refer to the web links in the list. Some programs aim to improve home energy performance in general and others explicitly focus on windows. Direct mention of windows **is marked in red**. For details about the eligibility criteria of specific programs, please contact the respective utility sponsors. This list does not give complete information about ALL window-related utility programs in the United States. Please contact your utility for more information about available programs. Please contact [efficientwindowscollaborative@gmail.com](mailto:efficientwindowscollaborative@gmail.com) if you have an addition to this list.

- The U.S. Department of Energy provides a search mechanism for tax credits, rebates, and savings at: <http://energy.gov/savings/search>.
- A very useful database for state-based energy efficiency incentives can be access through <http://www.dsireusa.org/>.
- The U.S. Department of Energy's Weatherization Assistance Program provides home energy efficiency improvements to millions of eligible families. Find information on how to apply for weatherization and who to contact in your state at <http://energy.gov/eere/wipo/weatherization-assistance-program>.
- Find rebates for windows, doors, and skylights by using ENERGY STAR's Rebate Finder to encourage customers to buy energy efficient products. <http://www.energystar.gov/rebate-finder>.
- Office of Energy Efficiency & Renewable Energy offers PowerSaver Loans for homeowners to make home energy efficiency and renewable energy upgrades or improvements. <https://energy.gov/eere/buildings/maps/powersaver-loans>.
- Federal Energy Management Program's Energy Incentive Program helps Federal agencies take advantage of these incentives by providing information about the funding-program opportunities available in each state. <https://energy.gov/eere/femp/energy-incentive-programs>.
- PACE or Property Assessed Clean Energy is an innovative mechanism used to fund energy efficiency and clean energy improvements. See if a PACE program is available in your state. <http://pacenation.us/pace-programs/>.
- FHA PowerSaver Home Energy Retrofit Loan Program offers low-cost loans to make energy-saving improvements to your home. <https://www.benefits.gov/benefits/benefit-details/5877>.

## U.S. Utility and State Programs that Offer Incentives and Rebates for Energy Efficient Fenestration

### Alabama

<p>Cullman Electric Cooperative</p>	<p><i>Residential Energy Conservation Loan Program</i> – Maximum loan of \$2,000, up to 36 months at 8% for <b>storm windows</b> <a href="http://www.cullmanec.com/content/energy-conservation-financing">http://www.cullmanec.com/content/energy-conservation-financing</a></p> <p><i>Residential Rebate Program</i> – \$200 per new home for energy efficient measures, including <b>windows</b> <a href="http://www.cullmanec.com/content/new-home-rebate-program">http://www.cullmanec.com/content/new-home-rebate-program</a></p>
<p>AlabamaSaves</p>	<p><i>Commercial Loan Program</i> – A third-party program lending, to commercial, industrial and non-profit businesses in Alabama for lighting, HVAC, controls, envelope (including <b>windows</b>), process improvement upgrades, and solar photovoltaic systems. The participants can borrow from \$100,000 – \$4,000,000. <a href="http://www.alabamasaves.com">http://www.alabamasaves.com</a></p>
<p>AlabamaWISE Home Energy Program</p>	<p><i>Residential Financing Program</i> – Financing up to \$15,000 as low as 6% to homeowners who install efficiency measures that result in an energy savings of at least 20%. <a href="http://www.alabamawise.org/what-rebates-and-financing-are-available-for-energy-star-home-hvac-insulation-windows/">http://www.alabamawise.org/what-rebates-and-financing-are-available-for-energy-star-home-hvac-insulation-windows/</a> This is a program of the non-profit Nexus Energy Center and Alabama Dept. of Economic and Community Affairs (ADECA). This program is currently available to residents in north Alabama. <a href="http://www.alabamawise.org/loan">http://www.alabamawise.org/loan</a></p>
<p>South Alabama Electric Cooperative</p>	<p><i>Residential Energy Resource Conservation Loan Program</i> – Loans will only be made to members who have good credit ratings and also own the structures to be weatherized. ERC loans may be provided to finance the cost of labor and materials for items such as insulation, <b>storm</b> or <b>thermal windows</b>, storm or thermal doors and high efficiency heat pumps. <a href="https://www.southaec.com/erc-loan-programs">https://www.southaec.com/erc-loan-programs</a></p>
<p>Tennessee Valley Authority</p>	<p><i>Residential Rebate Program</i> – eScore program to receive rebates on home improvement projects, including <b>windows</b> and doors. Installations must be performed by TVA's or your local power company's Quality Contractor Network. <a href="https://www.2escore.com/AboutProgram.aspx">https://www.2escore.com/AboutProgram.aspx</a></p>

### Alaska

<p>Alaska Housing Finance Corporation</p>	<p><i>Small Building Material Loan</i> – Loan to complete or renovate property located within a “small community.” Maximum of \$100,000. Renovation must be completed within 180 days of loan closing. <a href="http://www.ahfc.us/buy/loan-programs/small-building-material-loan/">http://www.ahfc.us/buy/loan-programs/small-building-material-loan/</a></p> <p><i>Commercial Energy Efficiency Interest Rate Reduction Program</i> – Interest rate reductions for energy efficiency improvements (must obtain energy rating before and after improvements) or new efficient building construction towards the first \$200,000 of the total loan. <a href="https://www.ahfc.us/efficiency/energy-programs/energy-efficiency-rate-reduction/">https://www.ahfc.us/efficiency/energy-programs/energy-efficiency-rate-reduction/</a></p> <p><i>Residential Energy Rebate Program For New Construction</i> – Provides rebates to Alaska homeowners (regardless of income) who build or purchase a 5 Star Plus (\$7,000 rebate) or 6 Star home (\$10,000 rebate). <a href="https://www.ahfc.us/efficiency/energy-programs/new-home-rebate/">https://www.ahfc.us/efficiency/energy-programs/new-home-rebate/</a></p> <p><i>Residential Energy Loan Program</i> – Borrowers may obtain financing to make energy improvements on owner-occupied properties. <a href="https://www.ahfc.us/efficiency/energy-programs/second-mortgage-energy-conservation/">https://www.ahfc.us/efficiency/energy-programs/second-mortgage-energy-conservation/</a></p> <p><i>Residential Energy Rebate Program</i> – homeowners can make their own energy efficiency improvements and receive a rebate. The program requires a home energy rater to evaluate homes before and after the improvements. Rebates are dependent on the relative amount of efficiency gained and the actual cost of improvements, when the eligible improvements are selected by the homeowner from the energy rating's improvement options list. Rebates up to \$10,000. The program provides a \$7,500 rebate for qualified new, 5-Star Plus homes. <a href="https://www.ahfc.us/efficiency/energy-programs/home-energy-rebate/">https://www.ahfc.us/efficiency/energy-programs/home-energy-rebate/</a></p> <p><i>Residential Weatherization Program</i> – homeowners who meet income limits may apply for this program. Homeowners and renters may apply. <a href="https://www.ahfc.us/efficiency/energy-programs/weatherization/">https://www.ahfc.us/efficiency/energy-programs/weatherization/</a></p>
---	--

<b>Arizona</b>	
Arizona Public Service Company	<i>Multifamily Energy Efficiency Program</i> – Promotes energy efficiency by providing high quality energy efficiency components for new construction, requirements for either performance or prescriptive path. <a href="https://www.aps.com/en/business/savemoney/rebates/Pages/meep.aspx">https://www.aps.com/en/business/savemoney/rebates/Pages/meep.aspx</a>
Salt River Project	<i>Residential Weather Assistance Program</i> – This federal program was established to help low-income families and individuals improve energy efficiency and lower energy costs, includes window shading. <a href="http://www.savewithsrp.com/RD/weatherization.aspx">http://www.savewithsrp.com/RD/weatherization.aspx</a>
Southwest Gas	<i>Residential Rebate Program</i> – \$1/sf up to 75% of cost for ENERGY STAR <b>windows</b> . Requires natural gas-fueled space heating. <a href="https://www.swgas.com/en/rebate/arizona-windows-homeowner/renter">https://www.swgas.com/en/rebate/arizona-windows-homeowner/renter</a>
Sulphur Springs Valley Electric Cooperative	<i>Residential Loan Program</i> – 0% financing for building envelope improvements with a minimum \$2000 loan amount and \$10,000 maximum. <b>Windows</b> , doors, and sealing are included. <a href="http://www.ssvect.org/programs-vendors/loan-programs/">http://www.ssvect.org/programs-vendors/loan-programs/</a>
Tucson Electric Power	<i>Commercial Incentive Program</i> – EasySave Plus program provides incentives for shades screens and window films. <a href="https://webtools.dnvgl.com/Projects/Default.aspx?tabid=1029">https://webtools.dnvgl.com/Projects/Default.aspx?tabid=1029</a>
UniSource Energy Services	<i>Commercial Incentive Program</i> – EasySave program provides incentives for shades screens and window films <a href="https://www.uescommercialenergysolutions.com/projects/Default.aspx?tabid=2758">https://www.uescommercialenergysolutions.com/projects/Default.aspx?tabid=2758</a>
<b>Arkansas</b>	
Arkansas Building Authority	<i>Commercial Loan Program</i> – Sustainable Revolving Loan Program for energy efficient upgrades for state owned facilities. Upgrades include <b>windows</b> , doors, and <b>skylights</b> . <a href="http://aba.arkansas.gov/aboutUs/Pages/SRLF.aspx">http://aba.arkansas.gov/aboutUs/Pages/SRLF.aspx</a>
Empire District	<i>Residential Weatherization Program</i> – This program is offered by Arkansas’ seven investor-owned energy utilities to residential customers residing in severely energy inefficient homes and includes reduction of air infiltration around windows, <b>window</b> replacement and storm windows. <a href="https://www.empiredistrict.com/Energy/Solutions/Electric/AR">https://www.empiredistrict.com/Energy/Solutions/Electric/AR</a>
First Electric Cooperative	<i>Residential Improvement Loan Program</i> – Up to \$15,000 for measures associated with heat pump installation, including <b>window</b> improvements. Fixed interest rate with 12–60 month terms. Payment included in electric bills. <a href="http://www.firstelectric.coop/products-and-services/home-improvement-loans">http://www.firstelectric.coop/products-and-services/home-improvement-loans</a>
Ozarks Electric Cooperative	<i>Residential Energy Efficiency Mortgages</i> – An Energy Efficient Mortgage (EEM) or an Energy Improvement Mortgage (EIM) can enable home buyers to purchase a better, healthier, more comfortable home that saves money by shrinking monthly utility expenses. <a href="https://www.ozarksecc.com/energy-efficiency-mortgages">https://www.ozarksecc.com/energy-efficiency-mortgages</a>
Southwestern Electric Power Company	<i>Residential Home Improvement Rebate Program</i> – rebate of \$1.60/sf of window for ENERGY STAR <b>windows</b> . Existing windows must clear glass. Rebate of \$0.40/sf of window film for ENERGY STAR <b>window film</b> . Film must be installed over single or double clear glass and must be located on the east and west elevation. Film must have a SHGC of 0.50 or less. <a href="http://www.swepcogridsmart.com/arkansas/residential-energy-improvement-rebates.html">http://www.swepcogridsmart.com/arkansas/residential-energy-improvement-rebates.html</a>
<b>California</b>	
Alliance NRG Program	<i>Residential PACE Financing</i> – provides financing home energy retrofits, including <b>windows</b> . <a href="https://www.allianceng.com/retail/programs-residential">https://www.allianceng.com/retail/programs-residential</a>

Anaheim Public Utilities	<i>Residential Incentives Program</i> – \$1/sf rebate (up to \$100) for ENERGY STAR <b>Windows</b> . Replacement only. <a href="http://anaheim.net/1467/Home-Incentives-Program-Rebates">http://anaheim.net/1467/Home-Incentives-Program-Rebates</a>
California First	<i>Residential PACE Financing</i> – provides financing with no money down for home energy efficiency (including <b>windows</b> ), renewable energy, and water-saving upgrades. <a href="https://renewfinancial.com/product/californiafirst">https://renewfinancial.com/product/californiafirst</a>
City of Azusa	<i>Residential Weatherization Rebates</i> – \$1/sf rebate (up to \$250) for ENERGY STAR <b>windows</b> . Replacement only \$0.25/sf rebate for solar film, \$0.25/sf rebate for shade screens, \$175/each for ENERGY STAR <b>skylights/lighttubes</b> . <a href="http://www.ci.azusa.ca.us/526/Home-Weatherization-Rebate">http://www.ci.azusa.ca.us/526/Home-Weatherization-Rebate</a>
EGIA	<i>GEOSmart Residential Financing Program</i> – Low-interest loan from \$1,000 to \$25,000 for home improvements including ENERGY STAR <b>windows</b> and window treatments (tinting, shading, shutters, awnings). <a href="http://www.egia.org/DesktopDefault.aspx?tabid=653">http://www.egia.org/DesktopDefault.aspx?tabid=653</a>
Hercules Municipal Utility	<i>Residential Energy Efficiency Rebate Program</i> – \$1/sf rebate for ENERGY STAR <b>windows</b> and \$1/sf for sunscreens up to 100 sf that provide at least 60% blockage. <a href="http://www.ci.hercules.ca.us/index.aspx?page=157">http://www.ci.hercules.ca.us/index.aspx?page=157</a>
Hero Financing	<i>Residential PACE Financing</i> – Upgrades that are proven to save energy, including <b>windows</b> , are available for many counties in California. <a href="https://www.heroprogram.com/windows-and-doors">https://www.heroprogram.com/windows-and-doors</a>
Imperial Irrigation District	<i>Residential Rebate Program</i> – \$1/sf rebate and low interest loans for ENERGY STAR <b>windows</b> . Replacement windows with a SHGC of 0.25 or less and U-factor of 0.30 or less. The performance rating label or manufacturer order confirmation must be included with the application for each window. \$1/sf for qualifying shade screens installed on sun-struck, west- south- and east-facing windows and block at least 80% of the solar heat gain. The screens must be installed on the exterior of clear glass, unshaded windows that enclose a conditioned space. <a href="http://www.iid.com/energy/save-energy-and-money/your-home/residential-rebates">http://www.iid.com/energy/save-energy-and-money/your-home/residential-rebates</a>
City of Lodi Electric Utility	<i>Residential Rebate Program</i> – \$0.50/sf rebate for <b>window film</b> . Film must be place over single pane clear glass windows. \$0.50/sf rebate for qualifying shade screens. <a href="http://www.lodielectric.com/eurebates.html?page=a">http://www.lodielectric.com/eurebates.html?page=a</a>
Los Angeles County	<i>Residential PACE Financing</i> – Any upgrade permanently fixed to the property that is proven to save energy will be considered, including <b>windows</b> . <a href="http://pace.lacounty.gov/residential/index.html">http://pace.lacounty.gov/residential/index.html</a>  <i>Commercial PACE Financing</i> – Any upgrade permanently fixed to the property that is proven to save energy will be considered, including <b>windows</b> . <a href="http://pace.lacounty.gov/commercial.html">http://pace.lacounty.gov/commercial.html</a>
Los Angeles Department of Water and Power	<i>Residential Rebate Program</i> – \$2/sf rebate for dual pane ENERGY STAR <b>windows</b> installed in an air-conditioned space. <a href="https://www.ladwp.com/ladwp/faces/ladwp/residential/r-savemoney/r-sm-rebatesandprograms">https://www.ladwp.com/ladwp/faces/ladwp/residential/r-savemoney/r-sm-rebatesandprograms</a>
Modesto Irrigation District	<i>Residential Rebate Program</i> – \$1/sf rebate for ENERGY STAR <b>windows</b> with SHGC of 0.25 or less and U-factor of 0.30 or less installed in an air-conditioned space. NFRC label is required. Replacement only. – \$1/sf rebate for <b>window films</b> with SHGC of 0.39 or less or sunscreens with an SHGC of 0.35 or less. All on windows facing south, east or west (any direction except 45 degrees of true north). <a href="http://www.mid.org/rebates/home/documents/HomeCatalog_002.pdf">http://www.mid.org/rebates/home/documents/HomeCatalog_002.pdf</a>  <i>Commercial Rebate Program</i> – \$1/sf rebate for <b>window films</b> with SHGC of 0.39 or less. \$1/sf rebate for sunscreens with an SHGC of 0.35 or less and cover the entire window. \$1/sf rebate for window awnings that are at least as wide as the window aperture. All these on windows facing south, east or west (any direction except 45 degrees of true north). <a href="http://www.mid.org/rebates/commercial/documents/CommCatalog_003.pdf">http://www.mid.org/rebates/commercial/documents/CommCatalog_003.pdf</a>

Pacific Gas & Electric	<p><i>Residential Incentive Program</i> – Energy Upgrade California is an incentive program for whole-house systematic upgrades. Windows are typical project in the Advanced Home Upgrade, which qualifies for up to \$4500 in incentives.</p> <p><a href="http://www.pge.com/en/myhome/saveenergymoney/energysavingprograms/euca/index.page?WT.mc_id=Vanity_euca">http://www.pge.com/en/myhome/saveenergymoney/energysavingprograms/euca/index.page?WT.mc_id=Vanity_euca</a></p>
Pacific Power	<p><i>Commercial Incentive Program</i> – The Wattsmart Business program provides technical expertise and cash incentives to improve energy efficiency. It includes walls, doors, <b>windows</b>, insulation, roof, and foundation. \$0.34/sf for windows with a U-factor of 0.30 or less and an SHGC of 0.24 or less.</p> <p><a href="https://www.pacificpower.net/bus/se/california/il/be.html">https://www.pacificpower.net/bus/se/california/il/be.html</a></p>
City of Pasadena	<p><i>Residential Energy Rebate Program</i> – \$0.95/sf rebate for <b>window reflective film</b> if purchased in Pasadena or \$0.75/sf if purchased out of Pasadena. \$50/unit rebate for <b>skylights</b> or light tubes if purchased in Pasadena or \$35/unit if purchased out of Pasadena. <a href="http://www.cityofpasadena.net/waterandpower/HomeEnergyRebates/">http://www.cityofpasadena.net/waterandpower/HomeEnergyRebates/</a></p>
Plumas-Sierra Rural Electric Cooperative	<p><i>Residential Weatherization Rebate Program</i> – \$3/sf rebate for ENERGY STAR <b>windows</b>.</p> <p><a href="http://www.psrec.coop/downloads/Weatherization_Rebate.pdf">http://www.psrec.coop/downloads/Weatherization_Rebate.pdf</a></p>
City of Redding Electric Utility	<p><i>Residential Weatherization Rebate Program</i> – \$2/sf rebate for tinting and sunscreens. Up to \$500 for homes or \$1000 for commercial buildings. Treatment must provide minimum solar blockage of 60%.</p> <p><a href="http://www.cityofredding.org/departments/redding-electric-utility/residential-accounts/reu-residential-save-energy-money/residential-energy-rebates/weatherization-rebate-program">http://www.cityofredding.org/departments/redding-electric-utility/residential-accounts/reu-residential-save-energy-money/residential-energy-rebates/weatherization-rebate-program</a></p>
City of Riverside	<p><i>Residential Weatherization Rebate Program</i> – \$1/sf rebate for NFRC rated and ENERGY STAR <b>windows</b> and <b>window film</b>. Replacement only. <a href="http://www.greenriverside.com/weatherization-residential-energy-efficiency&amp;zone=residential">http://www.greenriverside.com/weatherization-residential-energy-efficiency&amp;zone=residential</a></p> <p><i>Commercial Weatherization Rebate Program</i> – \$1/sf rebate for NFRC rated and ENERGY STAR <b>windows</b> and <b>window film</b>. Replacement only. <a href="http://www.greenriverside.com/weatherization-commercial-energy-efficiency&amp;zone=commercial">http://www.greenriverside.com/weatherization-commercial-energy-efficiency&amp;zone=commercial</a></p>
Riverside Public Utilities	<p><i>Residential Rebate Program</i> – \$1/sf rebate ENERGY STAR <b>windows</b>. \$1/sf rebate for NFRC certified <b>window film</b>. \$1/sf rebate for solar window screens with a SHGC of 0.40 or less.</p> <p><a href="http://www.greenriverside.com/weatherization-residential-energy-efficiency&amp;zone=residential">http://www.greenriverside.com/weatherization-residential-energy-efficiency&amp;zone=residential</a></p>
Roseville Electric Utility	<p><i>Commercial Rebate Program</i> – \$1/sf rebate for <b>window film</b>.</p> <p><a href="http://www.roseville.ca.us/electric/business/rebates/hvac.asp">http://www.roseville.ca.us/electric/business/rebates/hvac.asp</a></p> <p><i>Residential Rebate Program</i> – \$1/sf rebate for sunscreens that have a shading coefficient of 0.40 or less (or SHGC of .35). Maximum of \$150. Must be installed on the exterior south, east, or west of the building.</p> <p><a href="http://www.roseville.ca.us/electric/home/rebates/sunscreens.asp">http://www.roseville.ca.us/electric/home/rebates/sunscreens.asp</a></p>
Sacramento Municipal Utility District	<p><i>Residential Rebate Program</i> – Requires initial energy audit, and rebates are based on whole-house efficiency improvements, including but not limited to <b>windows</b>. Installation of windows that meet the ENERGY STAR energy-efficiency criteria. U-factor of 0.30 or less and a SHGC of 0.25 or less. The window must bear a NFRC temporary label and must be installed by a SMUD participating contractor. Qualifies for rebates (\$75 for every 25sf of upgraded window area, \$1000 max) and low 5.5% financing under Home Performance Program only.</p> <p><a href="https://www.smud.org/en/residential/save-energy/rebates-incentives-financing/energy-solutions/">https://www.smud.org/en/residential/save-energy/rebates-incentives-financing/energy-solutions/</a></p>
Sonoma County Energy	<p><i>Residential Rebate Program</i> – 10% of cost up to \$500 for ENERGY STAR <b>qualified skylights</b>. \$1.50/sf for replacement <b>windows</b> with a U-factor of 0.35 or less and a SHGC of 0.40 or less.</p> <p><a href="http://sonoma.planetecosystems.com/myplan/rebates?url=find-rebates">http://sonoma.planetecosystems.com/myplan/rebates?url=find-rebates</a></p> <p><i>Residential and Commercial Financing Programs</i> – PACE financing programs are available.</p> <p><a href="https://sonomacountyenergy.org/apply-for-financing/">https://sonomacountyenergy.org/apply-for-financing/</a></p>

Southern California Gas Company (SoCal)	<p><i>Residential Upgrade Program</i> – Advanced home upgrade program with incentives up to \$6,500, includes energy-efficient <b>windows</b>.  <a href="https://www.socalgas.com/cs/ContentServer?c=Page&amp;pagename=SoCalGas%2Fscg%2FLayout&amp;rendermode=preview&amp;cid=1435348761915">https://www.socalgas.com/cs/ContentServer?c=Page&amp;pagename=SoCalGas%2Fscg%2FLayout&amp;rendermode=preview&amp;cid=1435348761915</a></p> <p><i>Residential Financing Program</i> – \$2,500-\$20,000 loans available for installation of low-E <b>windows</b>.  <a href="http://www.socalgas.com/for-your-home/energy-savings/upgrade-financing.shtml">http://www.socalgas.com/for-your-home/energy-savings/upgrade-financing.shtml</a></p>
Sonoma County	<p><i>Energy Independence Program</i> – Rebate and incentive program for <b>window</b> replacement \$1.50/sf, U-factor of 0.35 or less and a SHGC of 0.40 or less. <a href="http://sonoma.planetecosystems.com/myplan/rebates?url=find-rebates">http://sonoma.planetecosystems.com/myplan/rebates?url=find-rebates</a></p> <p><i>Residential Financing Program</i>– Financing available for <b>windows, glass doors</b> and <b>skylights</b>.  <a href="http://residential.sonomacountyenergy.org/lower.php?url=apply-for-financing-97">http://residential.sonomacountyenergy.org/lower.php?url=apply-for-financing-97</a></p>
Synergy Companies	<p><i>GEOSmart Residential Financing Program</i> – PowerSaver Loan Program with low-interest loans from \$7,500 to \$25,000 for home improvements including <b>windows</b>. <a href="http://www.synergycompanies.org/financing/powersaver-loan-program/">http://www.synergycompanies.org/financing/powersaver-loan-program/</a></p>
Truckee Donner Public Utility	<p><i>Residential Rebate Program</i> – \$5 per square foot of window to replace single-pane windows or dual-pane windows over 20 years old with qualifying ENERGY STAR <b>windows</b>. Primary heating source must be a permanent electric space heating system. <a href="http://www.tdpud.org/departments/conservation/residential/rebates-for-your-home">http://www.tdpud.org/departments/conservation/residential/rebates-for-your-home</a></p>
Turlock Irrigation District	<p><i>Residential Rebate Program</i> – \$1/sf rebate for vinyl-coated sunscreens that block at least 80% of the sun’s heat. <a href="http://www.tid.org/node/51">http://www.tid.org/node/51</a></p>
<b>Colorado</b>	
City of Aspen	<p><i>Residential Rebate Program</i> – Rebate of 25% of project cost, up to \$500 for <b>windows</b> with a U-factor of 0.28 or less, <b>skylights</b> with a U-factor of 0.55 or less, and <b>patio doors</b> with a U-factor of 0.28 or less. Heating and cooling system must be all electric. <a href="http://www.aspenpitkin.com/Living-in-the-Valley/Green-Initiatives/Utility-Efficiency/Residential-Efficiency/Rebates-Incentives/">http://www.aspenpitkin.com/Living-in-the-Valley/Green-Initiatives/Utility-Efficiency/Residential-Efficiency/Rebates-Incentives/</a></p> <p><i>Commercial Rebate Program</i> – Re-glazing or replacement windows must comply with IECC 2009. <b>Window film</b> must meet ENERGY STAR criteria and placed on east, south, and west facades.  <a href="http://www.aspenpitkin.com/Living-in-the-Valley/Green-Initiatives/Utility-Efficiency/Commercial-Efficiency/Rebates-Incentives/">http://www.aspenpitkin.com/Living-in-the-Valley/Green-Initiatives/Utility-Efficiency/Commercial-Efficiency/Rebates-Incentives/</a></p>
Boulder County City/County of Denver City of Fort Collins	<p><i>Residential Energy Loans</i> – Fixed rate loans starting at 2.75% APR for energy efficiency upgrades, including <b>windows, doors, and skylights</b>. <a href="https://www.elevationscu.com/energyloans/home-loans">https://www.elevationscu.com/energyloans/home-loans</a></p> <p><i>Business Energy Loans</i> – Fixed rate loans starting at 3.75% APR for energy efficiency upgrades, including <b>windows</b>. <a href="https://www.elevationscu.com/energyloans/business-loans">https://www.elevationscu.com/energyloans/business-loans</a></p>
Colorado Energy Office	<p><i>Residential Weatherization Program</i> –Weatherization assistance is available for weatherstripping windows and doors, and for storm windows and doors. <a href="https://www.colorado.gov/pacific/energyoffice/weatherization-assistance">https://www.colorado.gov/pacific/energyoffice/weatherization-assistance</a></p>
Colorado Springs Utilities	<p><i>Commercial Rebate Program</i> – Rebate of \$1.40/sf for ENERGY STAR <b>windows</b>. Total cannot exceed \$17,500. <a href="https://www.csu.org/Pages/bizrebates.aspx">https://www.csu.org/Pages/bizrebates.aspx</a></p>

<p>Efficiency Works <i>Participants include:</i> Estes Park Light &amp; Power Fort Collins Utilities Longmont Power &amp; Communications Loveland Water and Power</p>	<p><i>Residential Rebate Program</i> – Up to \$750 for replacement ENERGY STAR <b>windows</b> in gas-heated homes and up to \$1000 for replacement ENERGY STAR <b>windows</b> in electric-heated homes. An energy audit must be performed. Qualified Efficiency Works Provider must do the installation. New homes do not qualify. <a href="https://efficiencyworks.co/for-home/home-efficiency-audits/">https://efficiencyworks.co/for-home/home-efficiency-audits/</a></p> <p><i>Commercial Rebate Program</i> – \$3/sf for <b>windows</b> with a U-factor of 0.30 or less and a SHGC of 0.25 or less or \$6/sf for <b>windows</b> with a U-factor of 0.18 or less and a SHGC of 0.22 or less. \$1.50/sf for <b>window film</b> with SHGC of 0.35 or less. <a href="https://efficiencyworks.co/for-business/">https://efficiencyworks.co/for-business/</a></p>
<p>Energy Smart Colorado <i>Participants include:</i> Eagle County Gunnison County Lake County Summit County Roaring Fork Valley Yampa Valley</p>	<p><i>Rebate Program</i> – Rebate of up to \$500 for <b>windows</b> with a U-factor of 0.28 or less. <a href="http://www.energysmartcolorado.com/rebates/">http://www.energysmartcolorado.com/rebates/</a></p> <p><i>Energy Smart Residential Financing</i> – Loans as low as \$1000 for energy efficiency upgrades, including <b>windows</b>, <b>glass doors</b>, insulating shutters or blinds, and insulating exterior doors or storm doors. <a href="http://www.energysmartcolorado.com/for-my-home-2/financing/">http://www.energysmartcolorado.com/for-my-home-2/financing/</a></p>
<p>City of Fort Collins</p>	<p><i>Residential Loan Program</i> – Financing up to 15 years for energy efficiency project, including <b>windows</b>. <a href="http://www.fcgov.com/utilities/residential/conserves/financing">http://www.fcgov.com/utilities/residential/conserves/financing</a></p> <p><i>Business Efficiency Loan Program</i> – Financing up to 10 years for energy efficiency project, including <b>windows</b>. <a href="http://www.fcgov.com/utilities/business/improve-efficiency/business-efficiency-loan">http://www.fcgov.com/utilities/business/improve-efficiency/business-efficiency-loan</a></p> <p><i>Commercial Electric Incentive Program</i> – Cash incentives are provided for upgrades that reduce electric demand and energy use, including <b>windows</b>. <a href="http://www.fcgov.com/utilities/business/improve-efficiency/rebates-incentives/electric-efficiency">http://www.fcgov.com/utilities/business/improve-efficiency/rebates-incentives/electric-efficiency</a></p>
<p>Holy Cross Energy</p>	<p><i>Residential Rebate Program</i> – \$2/sf (up to \$600) to replace existing windows with <b>windows</b> with a U-factor of 0.28 or less. Windows must be installed by a licensed contractor. Windows and sliding glass doors must be NFRC labeled and certified. <a href="https://www.holycross.com/efficiency-residential">https://www.holycross.com/efficiency-residential</a></p>
<p>City of Loveland</p>	<p><i>Residential Rebate Program</i> – Participants who meet the eligibility and measure requirements for Home Energy Audit Program (HEAP) may qualify for a rebate. Single pane, clear windows or sliding glass doors with metal frames must be replaced with ENERGY STAR <b>windows</b> for the northern zone with a low-maintenance exterior finish. The rebate ranges from \$2.50/sf (max \$750) to 3.75/sf (max \$1000) depending on the HVAC system. <a href="http://www.cityofloveland.org/departments/water-and-power/residential/conserves/home-efficiency-audit-and-rebates">http://www.cityofloveland.org/departments/water-and-power/residential/conserves/home-efficiency-audit-and-rebates</a></p>
<b>Connecticut</b>	
<p>Connecticut Housing Investment Fund</p>	<p><i>Residential Energy Conservation Loan Program</i> – Loan financing home renovations (including ENERGY STAR <b>windows</b>) from \$2,500 to \$20,000 for single-family homeowners. <a href="http://www.chif.org/page/borrower-information-and-application">http://www.chif.org/page/borrower-information-and-application</a></p> <p><i>Multifamily Energy Efficiency Program</i> – The Multifamily Energy Conservation Loan Program (MEL) provides financing at below market rates to multi-family residential property owners for the purchase and installation of cost-saving energy conservation improvements in buildings with five (5) or more housing units. Includes replacement <b>windows</b> and doors. <a href="http://www.chif.org/page/mel">http://www.chif.org/page/mel</a></p>
<p>Connecticut Green Bank</p>	<p><i>Low-Income Multifamily Energy Loan Program</i> – The Low-Income Multifamily Energy (LIME) Loan supports energy improvement projects for low- and moderate-income properties. Connecticut Green Bank has partnered with Capital for Change (C4C) to provide unsecured multifamily energy financing for owners seeking to improve the energy performance, economics, and health and safety of their properties. Loans are repaid from energy cost savings for terms up to 20 years. <a href="http://www.chif.org/page/mel">http://www.chif.org/page/mel</a></p> <p><i>C-PACE Residential and Commercial Financing Program</i> – An affordable financing program for energy improvement that lower operating costs. Envelope improvements are included. <a href="http://www.cpace.com/">http://www.cpace.com/</a></p>

Energyize Connecticut	<i>Residential Loan Program</i> – Smart-E Loans provides long-term, low-interest loans for residential energy efficiency upgrades, which include <b>windows</b> . <a href="http://www.energyizect.com/your-home/solutions-list/smart-e">http://www.energyizect.com/your-home/solutions-list/smart-e</a>
<b>Delaware</b>	
Energyize Delaware	<i>Residential Loan Program</i> – Qualifying Delaware property owners who are participating in the Home Performance with ENERGY STAR program can now finance their energy-saving home improvements with a fast and easy monthly payment option through Energyize Delaware. <a href="https://www.energyizedelaware.org/Home-Energy-Loans/">https://www.energyizedelaware.org/Home-Energy-Loans/</a>
<b>Florida</b>	
Beaches Energy Services	<i>Residential Rebate Program</i> – Rebate of up to \$100 for the installation of <b>window film</b> or solar screens with a shading coefficient of 0.50 or less. <a href="http://www.beachesenergy.com/beaches-energy-services-rebates">http://www.beachesenergy.com/beaches-energy-services-rebates</a>
Clay Electric Cooperative	<i>Residential Energy Conservation Loans</i> – Loans up to \$7500 for energy efficiency improvements including thermal <b>windows</b> and doors, and <b>storm windows</b> and doors. <a href="https://www.clayelectric.com/member-information/energy-information/energy-rebates-loans">https://www.clayelectric.com/member-information/energy-information/energy-rebates-loans</a>  <i>Residential Energy Smart Rebate Program</i> – \$0.44/sf rebate for <b>window film</b> with a SHGC of 0.45 or less. \$0.44/sf rebate for solar window shade screens. <a href="https://www.clayelectric.com/member-information/energy-information/energy-rebates-loans">https://www.clayelectric.com/member-information/energy-information/energy-rebates-loans</a>
Duke Energy	<i>Residential Rebate Program</i> – High-performance replacement <b>windows</b> \$2/sf (up to \$400) on east-, west- and south-facing windows. Windows must have a solar heat gain coefficient less than or equal to 0.25 and a U-factor less than or equal to 0.35. Home must have whole-house electric heating and cooling. <a href="https://www.duke-energy.com/home/products/home-energy-improvement/energy-efficient-windows">https://www.duke-energy.com/home/products/home-energy-improvement/energy-efficient-windows</a>
Florida Power & Light (FPL Energy)	<i>Residential Incentive Program</i> – BuildSmart® energy-efficient certification program includes using high-performance <b>windows</b> . <a href="https://www.fpl.com/save/programs/buildsmart.html">https://www.fpl.com/save/programs/buildsmart.html</a>
Gainesville Regional Utilities	<i>Residential Low-income Energy Efficiency Program (LEEP)</i> – Assists low-income customers with home improvements, including weatherstripping and caulking of windows and doors. <a href="https://www.gru.com/TabID/3656/Default.aspx">https://www.gru.com/TabID/3656/Default.aspx</a>
Gulf Power	<i>Residential Rebate Program</i> – Rebate of \$0.50/sf for the installation of ENERGY STAR <b>windows</b> that meet the southern zone requirements and must be NFRC certified. <a href="http://www.gulfpower.com/residential/earthcents/windows.cshtml">http://www.gulfpower.com/residential/earthcents/windows.cshtml</a>
Hero Financing	<i>Residential PACE Financing</i> – Upgrades that are proven to save energy, including <b>windows</b> , are available for many counties in Florida. <a href="https://www.heroprogram.com/windows-and-doors">https://www.heroprogram.com/windows-and-doors</a>
JEA (Jacksonville)	<i>Commercial Incentive and Rebate Program</i> – Install reflective <b>window film</b> to reduce solar gain with a SHGC of 0.39 or less. <a href="https://www.jea.com/Ways_to_Save/Commercial_Rebates/Roofing_and_Window_Film_Solutions/">https://www.jea.com/Ways_to_Save/Commercial_Rebates/Roofing_and_Window_Film_Solutions/</a>
City of Longwood	<i>Rebate and Incentive Program</i> – Longwood Raising Energy Efficiency Program (REEP) provides rebates up to \$500 a year per owner-occupied residence to homeowners who utilize contractors, suppliers, or other businesses located within the city limits of Longwood to make energy efficient improvements. These improvements include ENERGY STAR <b>window</b> and door upgrades and <b>window film</b> installation (up to 10% of product cost). <a href="http://www.longwoodfl.org/172/Raising-Energy-Efficiency-Program-REEP">http://www.longwoodfl.org/172/Raising-Energy-Efficiency-Program-REEP</a>

City of New Smyrna Beach	<p><i>Residential Rebate Program</i> – Install solar screening on any east, west or southern <b>window</b> and receive a rebate of \$1/sf (up to \$300). <a href="http://www.ucnsb.net/sitemap/customer-service/conservation/saving-energy">http://www.ucnsb.net/sitemap/customer-service/conservation/saving-energy</a></p> <p><i>Commercial Rebate Program</i> – Install solar screening on any east, west or southern <b>window</b> and receive a rebate of \$1/sf (up to \$30). <a href="http://www.ucnsb.net/sitemap/customer-service/conservation/saving-energy">http://www.ucnsb.net/sitemap/customer-service/conservation/saving-energy</a></p>
Orlando Utilities Commission	<p><i>Residential Rebate Program</i> – Rebates for energy efficiency measures including <b>window film</b> or solar screening (\$0.55/sf) with shade coefficient of 0.50 or less on east-, west- and south-facing windows, and ENERGY STAR <b>windows</b> (\$1.50/sf). <a href="http://www.ouc.com/residential/save-energy-water-money/residential-rebates-information">http://www.ouc.com/residential/save-energy-water-money/residential-rebates-information</a></p> <p><i>Business Rebate Program</i> – Rebates for energy efficiency measures including <b>window film</b> or solar screening (\$0.55/sf) and ENERGY STAR <b>windows</b> (\$1.50/sf). <a href="http://www.ouc.com/business/business-rebates-programs/business-rebates-information">http://www.ouc.com/business/business-rebates-programs/business-rebates-information</a></p>
SELF: Solar and Energy Loan Fund	<p><i>Residential Loan Program</i> – Low interest rate loans are available for homeowners interested in financing for energy-saving improvements, including low-to-moderate income residents. <a href="http://www.cleanenergyloanprogram.org/how-it-works/homeowners">http://www.cleanenergyloanprogram.org/how-it-works/homeowners</a></p> <p><i>Commercial Program</i> – Commercial properties are eligible to apply for Commercial PACE (Property Assessed Clean Energy). <a href="http://www.cleanenergyloanprogram.org/how-it-works/business-owners">http://www.cleanenergyloanprogram.org/how-it-works/business-owners</a></p>
City of Tallahassee Utility	<p><i>Residential Energy Efficiency Loans</i> – Loans for ENERGY STAR <b>window</b> replacement (energy audit required) and for solar screens/films with minimum shading coefficient of 0.50 or less. <a href="http://www.talgov.com/you/you-products-home-loans.aspx">http://www.talgov.com/you/you-products-home-loans.aspx</a></p> <p><i>Commercial Energy Efficiency Loan Program</i> – Loans for ENERGY STAR <b>window</b> replacement (energy audit required) and for solar screens/films with minimum shading coefficient of 0.50 or less. <a href="http://www.talgov.com/you/you-products-business-loans.aspx">http://www.talgov.com/you/you-products-business-loans.aspx</a></p> <p><i>Residential Construction and Renovation Rebates</i> – Rebate amount of \$1/sf (up to \$2,000) for energy efficiency measures including ENERGY STAR <b>windows</b>. <a href="http://www.talgov.com/you/you-products-home-es-home-rebates.aspx">http://www.talgov.com/you/you-products-home-es-home-rebates.aspx</a></p>
Tampa Electric	<p><i>Building Envelope Improvement Program for Residential</i> – \$2.20/sf, replacement of all <b>windows</b> with a SHGC of 0.35 or less and a U-factor of 0.60 or less. \$2/sf. <a href="http://www.tampaelectric.com/residential/saveenergy/windowreplacement/">http://www.tampaelectric.com/residential/saveenergy/windowreplacement/</a></p>
<b>Georgia</b>	
Coweta-Fayette EMC	<p><i>Residential Loan Program</i> – Residential buildings may receive reduced rate loans for weatherization including window caulking and ENERGY STAR <b>window</b> installation. <a href="http://www.utility.org/home-plus-energy-efficiency-loan-program/">http://www.utility.org/home-plus-energy-efficiency-loan-program/</a></p>
Georgia Green Loans	<p><i>Commercial Loan Program</i> – Loans available from \$500 to \$50,000 for new small businesses or to “green” an existing business. <a href="http://georgiagreenloans.org">http://georgiagreenloans.org</a></p>

City of Idaho Falls	<i>Residential Loan and Rebate Program</i> – Residential Weatherization Program offers a free energy audit. Rebates or zero interest loan program is offered to those who qualify. Program measures <b>windows</b> and <b>sliding doors</b> . U-factor of 0.30 or less is required. <a href="http://www.idahofallsidaho.gov/city/city-departments/idaho-falls-power/services-for-your-home/weatherization.html">http://www.idahofallsidaho.gov/city/city-departments/idaho-falls-power/services-for-your-home/weatherization.html</a>  <i>Commercial Loan and Rebate Program</i> – Commercial Energy Conservation Program offering rebates and zero interest loans. <a href="http://www.idahofallsidaho.gov/city/city-departments/idaho-falls-power/services-for-your-business.html">http://www.idahofallsidaho.gov/city/city-departments/idaho-falls-power/services-for-your-business.html</a>
Idaho Power	<i>Residential Rebate Program</i> – Rebates for window improvements: \$2.50/sf for <b>windows</b> with a U-factor of 0.30 or less and must be NFRC labeled and certified. <a href="https://www.idahopower.com/EnergyEfficiency/Residential/Programs/HomeImprovement/windows.cfm">https://www.idahopower.com/EnergyEfficiency/Residential/Programs/HomeImprovement/windows.cfm</a>
Kootenai Electric Cooperative	<i>Residential Rebate Program</i> – Rebate of \$3/sf when replacing single pane wood or double pane metal windows with ENERGY STAR <b>windows</b> and <b>patio doors</b> . <a href="http://kec.coopwebbuilder2.com/content/insulation-windows">http://kec.coopwebbuilder2.com/content/insulation-windows</a>
Questar Gas Company	<i>Residential Rebate Program</i> – ThermWise Weatherization Program provides rebates for home weatherization measures, including <b>windows</b> with a U-factor of 0.22 or less (\$2.50/sf). <a href="http://www.thermwise.com/home/WeatherizationApplications.php">http://www.thermwise.com/home/WeatherizationApplications.php</a>

Rocky Mountain Power	<p><i>Residential Energy Efficiency Rebate Program</i> – \$1/sf for <b>windows</b> with a U-factor of 0.23–0.30 and \$3/sf for windows with a U-factor of 0.22 or lower. <a href="http://www.homeenergysavings.net/homeowner/category/weatherization/in/idaho/windows?region=idaho">http://www.homeenergysavings.net/homeowner/category/weatherization/in/idaho/windows?region=idaho</a></p> <p><i>Commercial Incentive Program</i> – \$0.35/sf for manufactured and site-built <b>windows</b> with a U-factor of 0.30 or less and SHGC of 0.33 or less. <a href="https://www.rockymountainpower.net/bus/se/idaho/il/be.html">https://www.rockymountainpower.net/bus/se/idaho/il/be.html</a></p>
United Electric Coop	<p><i>Residential Weatherization Program</i> – \$2–\$6 per sq./ft. for new <b>window</b> upgrades. Existing windows must be single pane with/without storms or double pane with metal frames. Replacement windows must have a U-factor of 0.30 or lower to qualify. <a href="http://www.unitedelectric.coop/content/home-efficiency-programs">http://www.unitedelectric.coop/content/home-efficiency-programs</a></p>
<b>Illinois</b>	
Illinois Energy Now	<p><i>Commercial Incentive Program</i> – The Illinois Energy Now Public Sector Energy Efficiency New Construction Program (Illinois Energy Now New Construction Program) offers financial incentives to facilitate implementation of cost-effective energy efficiency improvements for new building construction or major building renovation projects, for public sector entities located within Ameren Illinois and ComEd electrical service areas and Ameren Illinois. Incentives are based on exceeding the minimum requirements of the Illinois Energy Conservation Code for Commercial Buildings (IL ECC), aka “beyond-code.” <a href="http://smartenergy.arch.uiuc.edu/new-construction-incentive-program.html">http://smartenergy.arch.uiuc.edu/new-construction-incentive-program.html</a></p>
MidAmerican Energy	<p><i>Commercial Incentive Program</i> – Rebates cannot exceed 80% of the installation. <b>Windows</b> must have a U-factor that is more efficient than the corresponding window type U-factor of the Illinois Energy Code. SHGC must be equal to or lower than Illinois Energy Code. NFRC label and specification sheet is required. <a href="https://www.midamericanenergy.com/il-bus-building-shell.aspx">https://www.midamericanenergy.com/il-bus-building-shell.aspx</a></p>
<b>Indiana</b>	
Indianapolis Power & Light	<p><i>Commercial Rebate and Incentive Program</i> – Incentive Program offers \$1/sf for ENERGY STAR <b>windows</b> in the northern or north central region. <a href="https://www.iplpower.com/business_energy_incentives/">https://www.iplpower.com/business_energy_incentives/</a></p>
<b>Iowa</b>	
Alliant Energy	<p><i>Residential Loan Program</i> – Loan amounts range from \$1,500-\$25,000 and can be used for qualifying equipment and contract labor. <a href="http://www.alliantenergy.com/SaveEnergyAndMoney/Rebates/HomelA/101203">http://www.alliantenergy.com/SaveEnergyAndMoney/Rebates/HomelA/101203</a></p> <p><i>Business Loan Program</i> – Loan amounts range from \$1,500-\$25,000 and can be used for qualifying equipment and contract labor. <a href="http://www.alliantenergy.com/SaveEnergyAndMoney/AdditionalWaysSave/FinancingOptions/029903">http://www.alliantenergy.com/SaveEnergyAndMoney/AdditionalWaysSave/FinancingOptions/029903</a></p>
Iowa Area Development Group	<p><i>Commercial Low Interest Loan Program</i> – \$50,000-\$500,000 at 1% interest for energy efficient and renewable energy projects, including <b>windows</b>. <a href="http://www.iadg.com/services/financial-assistance/iadg-energy-bank/">http://www.iadg.com/services/financial-assistance/iadg-energy-bank/</a></p>
<b>Kansas</b>	
Kansas Housing Resources Corporation	<p><i>Residential Weatherization Program</i> – Weatherization assistance is available, including weatherstripping windows and doors. <a href="http://www.kshousingcorp.org/weatherization.aspx">http://www.kshousingcorp.org/weatherization.aspx</a></p>
<b>Kentucky</b>	
Blue Grass Energy	<p><i>Residential Rebate and Incentive Program</i> – Through the Button-Up Program, members may receive a rebate for energy efficiency improvements, including <b>windows</b>. <a href="http://bgenergy.com/button-up-weatherization/">http://bgenergy.com/button-up-weatherization/</a></p>

Clark Energy	<i>Residential Rebate and Incentive Program</i> – Through the Button-Up Program, members may receive a rebate for energy efficiency improvements, including <b>windows</b> . <a href="http://www.clarkenergy.com/button-up/">http://www.clarkenergy.com/button-up/</a>
Cumberland Valley Electric	<i>Residential Rebate and Incentive Program</i> – Through the Button-Up Program, members may receive a rebate for energy efficiency improvements, including <b>windows</b> . <a href="http://www.cumberlandvalley.coop/button-up-weatherization-program/">http://www.cumberlandvalley.coop/button-up-weatherization-program/</a>
Grayson Rural Electric	<i>Residential Rebate and Incentive Program</i> – Through the Button-Up Program, members may receive a rebate for energy efficiency improvements, including <b>windows</b> . <a href="http://www.togetherwesaveky.com/ee_grayson_recc.html">http://www.togetherwesaveky.com/ee_grayson_recc.html</a>
Greater Cincinnati Energy Alliance	<i>Commercial Financing Program</i> – Property Assessed Clean Energy (PACE) is an economic development tool designed to assist commercial and industrial building owners to access affordable, long-term financing for clean energy improvements to their buildings. <a href="http://gcpace.org/">http://gcpace.org/</a>
Kentucky Utilities Company / Louisville Gas & Electric	<i>Residential Energy Rebate Program</i> – The <b>window film</b> or <b>replacement window</b> must have a SHGC less than or equal to 0.45. NFRC label is required. Rebate amount of up to 50% of material cost and a maximum of \$200. <a href="https://lge-ku.com/saving-energy-money/home-energy-rebates/high-efficiency-replacement-windows-and">https://lge-ku.com/saving-energy-money/home-energy-rebates/high-efficiency-replacement-windows-and</a>
Mountain Association for Community Economic Development (MACED)	<i>Commercial Loan Program</i> – Energy Efficient Enterprises (E3) project works to promote energy efficiency to small businesses and nonprofits located in Appalachian Kentucky. In existing building daylighting strategies can be incorporated using ENERGY STAR qualified <b>tubular daylighting devices, windows, or skylights</b> . In new construction, daylighting can be incorporated through the use of ENERGY STAR qualified tubular daylighting devices, skylights and transom windows. <a href="http://www.maced.org/E3/index.html">http://www.maced.org/E3/index.html</a>
MACED How\$martKY Program <i>Participants include:</i> Big Sandy RECC Fleming-Mason RECC Grayson RECC Farmers RECCC Jackson Energy Licking Valley	<i>Commercial and Residential Program</i> – The How\$martKY Program allows customers to make installment payments as part of their monthly utility bills, gradually paying for the efficiency upgrades by using part of the energy savings generated by the retrofit. An energy assessment is required. The utility will oversee the installation and upgrades. <b>Window</b> replacement is included. <a href="http://maced.org/howsmart-overview.htm">http://maced.org/howsmart-overview.htm</a>
Nolan RECC	<i>Residential Rebate and Incentive Program</i> – Through the Button-Up Program, members may receive a rebate for energy efficiency improvements, including <b>window replacement</b> . <a href="http://www.nolinrecc.com/content/button-program">http://www.nolinrecc.com/content/button-program</a>
Tennessee Valley Authority	<i>Residential Rebate Program</i> – eScore program to receive rebates on home improvement projects, including ENERGY STAR <b>windows</b> and doors. Installations must be performed by TVA's or your local power company's Quality Contractor Network. <a href="https://www.2escore.com/AboutProgram.aspx">https://www.2escore.com/AboutProgram.aspx</a>
<b>Louisiana</b>	
Central Louisiana Electric Company	<i>Residential Rebate Program</i> – Power Miser Homes Program assists customers in building energy efficient homes. Build a Power Miser home and you'll receive a special 10% discount on your Cleco bills. Efficient <b>windows</b> are required when building a new home. <a href="https://www.cleco.com/-/power-miser-home">https://www.cleco.com/-/power-miser-home</a>
Department of Natural Resources	<i>Residential Loan Program</i> – Home Energy Loan Program (HELP). A homeowner can obtain a five-year loan to improve the energy efficiency of their existing home. This is accomplished by DNR subsidizing one half of the financing for the energy efficient improvements at a low interest rate to participating lenders. <a href="http://www.dnr.louisiana.gov/index.cfm?md=pagebuilder&amp;tmp=home&amp;pid=40&amp;pnid=103&amp;nid=105">http://www.dnr.louisiana.gov/index.cfm?md=pagebuilder&amp;tmp=home&amp;pid=40&amp;pnid=103&amp;nid=105</a>

<b>Maine</b>	
Efficiency Maine	<i>Residential and Commercial Loan Programs</i> – Maine homeowners and business owners are eligible for up to \$15,000 in low-interest financing to pay for energy improvements. <a href="http://www.energymaine.com/at-home/energy-loans/">http://www.energymaine.com/at-home/energy-loans/</a>
<b>Maryland</b>	
Maryland Department of Housing and Community Development	<i>Residential Loan Program</i> – BeSmart Loan Program offers innovative financing for loans up to \$30,000 to improve home energy efficiency, including ENERGY STAR <b>windows</b> . <a href="http://dhcd.maryland.gov/Residents/Pages/besmart/default.aspx">http://dhcd.maryland.gov/Residents/Pages/besmart/default.aspx</a>
Maryland Energy Administration	<i>Commercial Grant Program</i> – Competitive grants for deep energy retrofits that significantly reduce facility electricity consumption. <a href="http://energy.maryland.gov/business/Pages/incentives/empowermdcigp.aspx">http://energy.maryland.gov/business/Pages/incentives/empowermdcigp.aspx</a>
Pepco	<i>Residential Rebate Program</i> – Replace windows with ENERGY STAR <b>windows</b> and perform air sealing and insulation improvements and receive rebates of 50% of the cost (up to \$2000). <a href="http://homeenergysavings.pepco.com/home-performance-with-energy-star-program/overview/rebates">http://homeenergysavings.pepco.com/home-performance-with-energy-star-program/overview/rebates</a>
<b>Massachusetts</b>	
Holyoke Gas & Electric	<p><i>Commercial Energy Conservations Program</i> – Offers interest free loans up to 5 years to the owners of multi-family investment properties of 5 or more units, up to a maximum level of \$20,000 (\$2,500 maximum per unit) for energy efficiency improvements, including ENERGY STAR <b>Windows</b>. <a href="http://www.hged.com/customers/save-energy-money/for-business/commercial-energy-conservation/default.aspx">http://www.hged.com/customers/save-energy-money/for-business/commercial-energy-conservation/default.aspx</a></p> <p><i>Residential Energy Conservation Program</i> – Offers interest free assistance (up to \$5,000) up to 5 years for single family homes and 0% loans (up to \$10,000) up to 5 years for owner-occupied multifamily dwellings with 4 or fewer units for energy efficient improvements, including <b>storm windows</b> and ENERGY STAR <b>windows</b>.
