

Incentives and Rebates for Energy-Efficient Windows Offered through Utility and State Programs

Provided by the Efficient Windows Collaborative • 2019 • (Updated December 9, 2019)

<http://www.efficientwindows.org>

Do you intend to equip your home with high-performance, energy-efficient windows?

Do you plan to improve your home in a way that lowers energy costs and provides for a comfortable interior?

Are you looking for utility programs that can help you finance such an investment in efficient windows?

The following pages give an overview of utility and state programs to help finance improvements in window energy efficiency. Programs are listed by state and by the specific utility companies that administer the programs. For detailed information about each program, please refer to the web links in the list. Some programs aim to improve home energy performance in general and others explicitly focus on windows. Direct mention of windows **is marked in red**. For details about the eligibility criteria of specific programs, please contact the respective utility sponsors. This list does not give complete information about ALL window-related utility programs in the United States. Please contact your utility for more information about available programs. Please contact efficientwindowscollaborative@gmail.com if you have an addition to this list.

- The U.S. Department of Energy provides a search mechanism for tax credits, rebates, and savings at: <https://www.energy.gov/savings/search>.
- A very useful database for state-based energy efficiency incentives can be access through <http://www.dsireusa.org/>.
- The U.S. Department of Energy's Weatherization Assistance Program provides home energy efficiency improvements to millions of eligible families. Find information on how to apply for weatherization and who to contact in your state at <https://www.energy.gov/eere/wipo/weatherization-assistance-program>.
- Find rebates for windows, doors, and skylights by using ENERGY STAR's Rebate Finder to encourage customers to buy energy efficient products. <https://www.energystar.gov/rebate-finder>.
- Office of Energy Efficiency & Renewable Energy offers PowerSaver Loans for homeowners to make home energy efficiency and renewable energy upgrades or improvements. <https://www.energy.gov/eere/buildings/maps/powersaver-loans>.
- Federal Energy Management Program's Energy Incentive Program helps Federal agencies take advantage of these incentives by providing information about the funding-program opportunities available in each state. <https://www.energy.gov/eere/femp/state-energy-offices-and-organizations>.
- PACE or Property Assessed Clean Energy is an innovative mechanism used to fund energy efficiency and clean energy improvements. See if a PACE program is available in your state. <https://pacenation.us/pace-programs/>.
- FHA PowerSaver Home Energy Retrofit Loan Program offers low-cost loans to make energy-saving improvements to your home. <https://www.energy.gov/savings/fha-powersaver-loan-program>.

U.S. Utility and State Programs that Offer Incentives and Rebates for Energy Efficient Fenestration

Alabama	
Cullman Electric Cooperative	<p><i>Residential Energy Conservation Loan Program</i> – Maximum loan of \$2,000, up to 36 months at 8% for storm windows. https://www.cullmanec.com/content/energy-conservation-financing</p> <p><i>Residential Rebate Program</i> – \$200 per new home for energy efficient measures, including windows https://www.cullmanec.com/content/new-home-rebate-program</p>
AlabamaSaves	<p><i>Commercial Loan Program</i> – A third-party program lending, to commercial, industrial and non-profit businesses in Alabama for lighting, HVAC, controls, envelope (including windows), process improvement upgrades, and solar photovoltaic systems. http://www.alabamasaves.com</p>
AlabamaWISE Home Energy Program	<p><i>Residential Financing Program</i> – Financing up to \$15,000 as low as 6% to homeowners who install efficiency measures that result in an energy savings of at least 20%. http://www.alabamawise.org/what-rebates-and-financing-are-available-for-energy-star-home-hvac-insulation-windows/</p> <p>This is a program of the non-profit Nexus Energy Center and Alabama Dept. of Economic and Community Affairs (ADECA). This program is currently available to residents in north Alabama. http://www.alabamawise.org/loan</p>
Dixie Electric Cooperative	<p><i>Residential Loan Program</i> – The Co-op Energy Efficiency LOAN Program is designed to help members improve the energy efficiency and comfort of homes. They have two low-interest loan options to finance energy-efficient home improvements, including windows. http://www.dixie.coop/content.cfm?id=2049#attached_content</p>
South Alabama Electric Cooperative	<p><i>Residential Energy Resource Conservation Loan Program</i> – Loans will only be made to members who have good credit ratings and also own the structures to be weatherized. ERC loans may be provided to finance the cost of labor and materials for items such as insulation, storm or thermal windows, storm or thermal doors and high efficiency heat pumps. https://www.southaec.com/erc-loan-programs</p>
Tennessee Valley Authority	<p><i>Residential Rebate Program</i> – eScore program to receive rebates on home improvement projects, including windows and doors. Installations must be performed by TVA's or your local power company's Quality Contractor Network. https://www.2escore.com/AboutProgram.aspx</p>
Alaska	
Alaska Housing Finance Corporation	<p><i>Small Building Material Loan</i> – Loan to complete or renovate property located within a “small community.” Maximum of \$100,000. Renovation must be completed within 180 days of loan closing. https://www.ahfc.us/buy/loan-programs/small-building-material-loan</p> <p><i>Commercial Energy Efficiency Interest Rate Reduction Program</i> – Interest rate reductions for energy efficiency improvements (must obtain energy rating before and after improvements) or new efficient building construction towards the first \$200,000 of the total loan. https://www.ahfc.us/efficiency/energy-programs/energy-efficiency-rate-reduction/</p> <p><i>Residential Energy Efficiency Interest Rate Reduction Program</i> – Interest rate reductions when financing new or existing energy efficient homes or when borrowers purchase and make energy improvements to an existing home. https://www.ahfc.us/efficiency/energy-programs/energy-efficiency-rate-reduction</p> <p><i>Residential Energy Loan Program</i> – Borrowers may obtain financing to make energy improvements on owner-occupied properties. https://www.ahfc.us/efficiency/energy-programs/second-mortgage-energy-conservation/</p> <p><i>Residential Weatherization Program</i> – homeowners who meet income limits may apply for this program. Homeowners and renters may apply. https://www.ahfc.us/efficiency/energy-programs/weatherization/</p>

Arizona	
Salt River Project	<p><i>Residential Weather Assistance Program</i> – This federal program was established to help low-income families and individuals improve energy efficiency and lower energy costs, includes window shading. https://www.srpnet.com/energy/Rebates/weatherization.aspx</p> <p><i>Residential Rebate Program</i> – SRP is offering customers a rebate of \$0.80 per square foot on professionally installed shade screens to keep their homes cooler during Phoenix's summer months. https://srpnet.com/energy/rebates/skhadeScreen.aspx</p>
Southwest Gas	<p><i>Residential Rebate Program</i> – \$1/sf up to 75% of cost for ENERGY STAR windows. Requires natural gas-fueled space heating. https://www.swgas.com/en/rebate/arizona-windows-homeowner/renter</p> <p><i>Commercial Rebate Program</i> – \$1/therm on verifiable natural gas savings if you are a Southwest Gas Commercial customer. https://www.swgas.com/en/rebate/arizona-custom-commercial-rebates-business</p>
Sulphur Springs Valley Electric Cooperative	<p><i>Residential Loan Program</i> – 0% financing for building envelope improvements with a minimum \$2000 loan amount and \$10,000 maximum. Windows, doors, and sealing are included. https://www.ssvect.org/programs-vendors/loan-programs/</p>
Tucson Electric Power	<p><i>Commercial Incentive Program</i> – EasySave Plus program provides incentives for shades screens and window films. https://webtools.dnvgl.com/Projects/Default.aspx?tabid=1029</p>
UniSource Energy Services	<p><i>Commercial Incentive Program</i> – EasySave program provides incentives for shades screens and window films https://www.uescommercialenergysolutions.com/projects/Default.aspx?tabid=2758</p>
Arkansas	
Arkansas Building Authority	<p><i>Commercial Loan Program</i> – Sustainable Revolving Loan Program for energy efficient upgrades for state owned facilities. Upgrades include windows, doors, and skylights. http://aba.publishpath.com/sustainable-revolving-loan-program</p>
Empire District	<p><i>Residential Weatherization Program</i> – This program is offered by Arkansas' seven investor-owned energy utilities to residential customers residing in severely energy inefficient homes and includes reduction of air infiltration around windows, window replacement and storm windows. https://www.empiredistrict.com/Energy/Solutions/Electric/AR</p>
Entergy	<p><i>Small Business Energy Solutions Program</i> – Entergy Arkansas offers a range of support to help improve your facilities and put money back into your small business. Includes \$0.35 incentive for, window film. http://www.enteryarkansas.com/your_business/save_money/EE/small-business.aspx</p>

Fixed interest rate with 12- to 60-month terms. Payment included in electric bills. https://www.firstelectric.coop/products-and-services/home-improvement-loans</p>
Ozarks Electric Cooperative	<p><i>Residential Energy Efficiency Mortgages</i> – An Energy Efficient Mortgage (EEM) or an Energy Improvement Mortgage (EIM) can enable homebuyers to purchase a better, healthier, more comfortable home that saves money by shrinking monthly utility expenses. https://www.ozarksecc.com/energy-efficiency-mortgages</p>
Southwestern Electric Power Company	<p><i>Residential Home Improvement Rebate Program</i> – rebate of \$1.60/sf of window for ENERGY STAR windows. Existing windows must clear glass. Rebate of \$0.40/sf of window film for ENERGY STAR window film. Film must be installed over single or double clear glass and must be located on the east and west elevation. Film must have a SHGC of 0.50 or less. http://www.swepcogridsmart.com/arkansas/residential-energy-improvement-rebates.html</p>

California

Alameda Municipal Power	<i>Commercial Rebate Program</i> – Alameda Municipal Power (AMP) encourages all new construction to be energy efficient and exceed current California Title 24 Building Energy-Efficiency. To qualify for a rebate, the proposed building must exceed Title 24 by 10% or more. http://www.alamedamp.com/commercial-new-construction
Alliance NRG Program	<i>Residential PACE Financing</i> – provides financing home energy retrofits, including windows . https://www.allianceng.com/retail/programs-residential
Anaheim Public Utilities	<i>Residential Incentives Program</i> – \$1/sf rebate (up to \$100) for ENERGY STAR replacement windows . http://anaheim.net/1467/Home-Incentives-Program-Rebates
City of Azusa	<i>Residential Weatherization Rebates</i> – \$1/sf rebate (up to \$250) for ENERGY STAR replacement windows and \$175/each for ENERGY STAR skylights/light tubes . https://azusaca.gov/519/Residential
California First	<i>Residential PACE Financing</i> – provides financing with no money down for home energy efficiency (including windows), renewable energy, and water-saving upgrades. https://renewfinancial.com/product/californiafirst
Energy Upgrade California and Go Green Financing	<i>Home Loan Program</i> – The Residential Energy Efficiency Loan (REEL) program was designed to help California homeowners and renters access affordable financing for energy efficiency projects. Eligibility requires that the property receive electric or natural gas service from Pacific Gas and Electric Company (PG&E®), San Diego Gas & Electric Company (SDG&E®), Southern California Edison (SCE®) or Southern California Gas Company (SoCalGas®). Windows are included in the financing program. https://gogreenfinancing.com/residential
City of Glendale	<i>Small Business Upgrade Program</i> – Up to \$2000 in upgrades, including window tinting . https://www.glendaleca.gov/energy-saving-upgrade-program
Imperial Irrigation District	<i>Residential Rebate Program</i> – \$1/sf rebate and low interest loans for ENERGY STAR windows . Replacement windows with a SHGC of 0.25 or less and U-factor of 0.30 or less. The performance rating label or manufacturer order confirmation must be included with the application for each window. \$1/sf for qualifying shade screens installed on sun-struck, west- south- and east-facing windows and block at least 80% of the solar heat gain. The screens must be installed on the exterior of clear glass, unshaded windows that enclose a conditioned space. https://www.iid.com/energy/save-energy-and-money/your-home/residential-rebates
City of Lodi Electric Utility	<i>Residential Rebate Program</i> – \$0.50/sf rebate for window film . Film must be place over single pane clear glass windows. \$0.50/sf rebate for qualifying shade screens. http://www.lodielectric.com/eurebates.html?page=a
Los Angeles County	<i>Residential PACE Financing</i> – Any upgrade permanently fixed to the property that is proven to save energy will be considered, including windows . http://pace.lacounty.gov/residential/index.html <i>Commercial PACE Financing</i> – Any upgrade permanently fixed to the property that is proven to save energy will be considered, including windows . http://pace.lacounty.gov/commercial.html
Los Angeles Department of Water and Power	<i>Residential Rebate Program</i> – \$2/sf rebate for dual pane ENERGY STAR windows installed in an air-conditioned space. https://www.ladwp.com/ladwp/faces/ladwp/residential/r-savemoney/r-sm-rebatesandprograms

<p>Modesto Irrigation District</p>	<p><i>Residential Rebate Program</i> – \$2/sf rebate for ENERGY STAR windows with SHGC of 0.25 or less and U-factor of 0.30 or less installed in an air-conditioned space. NFRC label is required. Replacement only. – \$1/sf rebate for window films with SHGC of 0.39 or less or sunscreens with an SHGC of 0.35 or less. All on windows facing south, east or west (any direction except 45 degrees of true north). https://www.mid.org/rebates/home/documents/mid-res-rebate-app_and_catalog.pdf</p> <p><i>Commercial Rebate Program</i> – \$1/sf rebate for window films with SHGC of 0.39 or less. \$1/sf rebate for sunscreens with an SHGC of 0.35 or less and cover the entire window. \$1/sf rebate for window awnings that are at least as wide as the window aperture. All these on windows facing south, east or west (any direction except 45 degrees of true north). https://www.mid.org/rebates/commercial/documents/mid-bus-rebate-app_and_catalog.pdf</p>

These improvements include ENERGY STAR window and door upgrades and window film installation (up to 10% of product cost). https://www.longwoodfl.org/172/Raising-Energy-Efficiency-Program-REEP</p>
Orlando Utilities Commission	<p><i>Residential Rebate Program</i> – Rebates for energy efficiency measures including window film or solar screening (\$0.55/sf) with shade coefficient of 0.50 or less on east-, west- and south-facing windows, and ENERGY STAR windows (\$1.50/sf). https://www.ouc.com/residential/save-energy-water-money/residential-rebates-information</p> <p><i>Business Rebate Program</i> – Rebates for energy efficiency measures including window film or solar screening (\$0.55/sf) and ENERGY STAR windows (\$1.50/sf). https://www.ouc.com/business/business-rebates-programs/business-rebates-information</p>
Renovate America	<p><i>Residential PACE Financing</i> – Upgrades that are proven to save energy, including windows, are available for many counties in California. https://www.renovateamerica.com/home-improvement/energy-efficient-windows-and-doors</p>
SELF: Solar and Energy Loan Fund	<p><i>Residential Loan Program</i> – Low interest rate loans are available for homeowners interested in financing for energy-saving improvements, including low-to-moderate income residents. http://www.cleanenergyloanprogram.org/how-it-works/homeowners</p> <p><i>Commercial Program</i> – Commercial properties are eligible to apply for Commercial PACE (Property Assessed Clean Energy). http://www.cleanenergyloanprogram.org/how-it-works/business-owners</p>

City of Tallahassee Utility	<p><i>Residential Energy Efficiency Loans</i> – Loans for ENERGY STAR window replacement (energy audit required) and for solar screens/films with minimum shading coefficient of 0.50 or less. https://www.talgov.com/you/you-products-home-loans.aspx</p> <p><i>Residential Construction and Renovation Rebates</i> – Rebate amount of \$1/sf (up to \$2,000) for energy efficiency measures including ENERGY STAR windows. https://www.talgov.com/you/you-products-home-es-home-rebates.aspx</p>
Tampa Electric	<p><i>Window Replacement Program</i> – \$2.20/sf, replacement of all windows with a SHGC of 0.35 or less and a U-factor of 0.60 or less. \$2/sf. https://www.tampaelectric.com/residential/saveenergy/windowreplacement/</p>
Georgia	
Central Georgia EMC	<p><i>Residential Loan Program</i> – Make improvements to your home and save energy and money with the Home Plus Energy Efficiency Home Improvement Loan Program from GEMC Credit Union. Includes thermal windows and doors. https://www.cgemc.com/content/home-plus-loan-program</p>
Coweta-Fayette EMC	<p><i>Residential Loan Program</i> – Residential buildings may receive reduced rate loans for weatherization including window caulking and ENERGY STAR window installation. http://utility.org/home-plus-energy-efficiency-loan-program/</p>
Jackson EMC	<p><i>Residential Loan Program</i> – 3% HomePlus loans from \$500–\$5,500 for energy efficient improvements, including ENERGY STAR windows. https://www.jacksonemc.com/homeplus</p>
Satilla REMC	<p><i>Residential Loan Program</i> – Loans available for up to \$25,000 for home improvements, including window and door replacement. http://www.satillaemc.com/homepluspage.html</p>
Sawnee EMC	<p><i>Commercial Rebates and Incentives</i> – 50% of cost up to \$150 rebate for solar control window film purchase and installation costs. https://www.sawnee.com/rebates-and-incentives</p>
Tennessee Valley Authority	<p><i>Residential Rebate Program</i> – eScore program to receive rebates on home improvement projects, including windows and doors. Installations must be performed by TVA’s or your local power company’s Quality Contractor Network. https://www.2escore.com/AboutProgram.aspx</p>
Walton EMC	<p><i>Residential Loan Program</i> – Residential existing buildings may receive reduced rate loans for weatherization including window caulking and ENERGY STAR window installation (for loans from \$500 to \$7500, the interest rate is 7.9% for loans over \$7500 the interest rate is 6.5%). https://www.waltonemc.com/index.php/home/homeplus/</p>
Hawaii	
Hawaii Energy	<p><i>Commercial Incentive Program</i> – Energy Solutions Business Appliance Rebates and Customized Incentives Program, receive \$0.35/sf for window film with SHGC of 0.435 or less and placed on the east, south or west elevations. https://hawaiienergy.com/for-businesses/incentives/building-envelope-improvements</p>
Idaho	
Avista Utilities	<p><i>Residential Rebates</i> – \$3.00/sf for replacement windows with a U-factor of 0.30 or less. Windows must be contractor installed. Home energy usage must be over 8,000 kWh of electric straight resistance heat or over 340 therms of natural gas. https://www.myavista.com/energy-savings/rebates-idaho</p>

Idaho Energy and Mineral Resources	<p><i>State Energy Loan Program</i> – Low-interest loans for residential (\$1000–\$15,000) and commercial/multifamily (\$1000–\$100,000) to make improvements to conserve energy. Windows are included in an addendum and must have a U-factor of 0.35 or less for single-family and 0.32 or less for commercial/multifamily. https://oemr.idaho.gov/loan-program/</p>
Idaho Falls Power	<p><i>Residential Rebate Program</i> – Rebates for window replacements with a U-factor of 0.30 or less. Rebate of \$1.08–\$4.50/sf depending on heating type, U-factor of installed window, and baseline window. https://www.idahofallsidaho.gov/364/Insulation</p> <p><i>Residential Loan and Rebate Program</i> – Residential Weatherization Program offers a free energy audit. Rebates or zero interest loan program is offered to those who qualify. Program measures windows and sliding doors. U-factor of 0.30 or less is required. https://www.idahofallsidaho.gov/364/Insulation</p> <p><i>Commercial Loan and Rebate Program</i> – Commercial Energy Conservation Program offering rebates and zero interest loans. https://www.idahofallsidaho.gov/279/Custom-Projects</p>
Idaho Power	<p><i>Commercial Retrofit Program</i> – Rebates for window improvements: \$2.50/sf for windows with a U-factor of 0.30 or less and must be NFRC labeled and certified. https://www.idahopower.com/ways-to-save/savings-for-your-business/new-construction-major-renovations/</p>
Kootenai Electric Cooperative	<p><i>Residential Rebate Program</i> – Rebate of \$3/sf when replacing single pane wood or double pane metal windows with ENERGY STAR windows and patio doors. https://www.kec.com/residential-rebates</p>
Rocky Mountain Power	<p><i>Residential Energy Efficiency Rebate Program</i> – \$1/sf for windows with a U-factor of 0.23–0.30 and \$3/sf for windows with a U-factor of 0.22 or lower. http://www.homeenergysavings.net/homeowner/category/weatherization/in/idaho/windows?region=idaho</p> <p><i>Commercial Incentive Program</i> – \$0.35/sf for manufactured and site-built windows with a U-factor of 0.30 or less and SHGC of 0.33 or less. https://www.rockymountainpower.net/bus/se/idaho/il/be.html</p>
United Electric Coop	<p><i>Residential Weatherization Program</i> – \$2–\$3 per sq./ft. for new window upgrades. Existing windows must be single pane with/without storms or double pane with metal frames. Replacement windows must have a U-factor of 0.30 or lower to qualify. http://www.unitedelectric.coop/content/home-efficiency-programs</p>
Illinois	
Energy Smart (Nicor Gas)	<p><i>Commercial and Multifamily Incentive Program</i> – Custom incentives are available to businesses who install qualifying energy efficiency projects that are not eligible for rebates through other energySMART offerings. Rebate based on therms saved per year. https://nicorgasrebates.com/your-business/custom-incentive</p>
MidAmerican Energy	<p><i>Commercial Incentive Program</i> – Rebates cannot exceed 80% of the installation. Windows must have a U-factor that is more efficient than the corresponding window type U-factor of the Illinois Energy Code. SHGC must be equal to or lower than Illinois Energy Code. NFRC label and specification sheet is required. https://www.midamericanenergy.com/il-bus-building-shell.aspx</p>
Indiana	
Duke Energy	<p><i>Commercial Rebate Program</i> – Smart Saver program provides \$1/sf for window film. https://www.duke-energy.com/business/products/smartsaver/all-smartsaver-rebates-tab-cc107f38-77be-4457-89c1-2a611005de33</p>

Indiana Power & Light	<p><i>Residential Rebate Program</i> – Get an eScore™ Home Energy Assessment and determine which strategies and energy efficient products will help make your home more energy efficient, which may include windows. https://www.iplpower.com/Ways_to_Save/Home/eScore_Home_Energy_Assessment/</p> <p><i>Commercial Rebate Program</i> – IPL offers Custom Incentives designed for energy efficiency projects and technologies not included under the Prescriptive Rebates Program, which may include windows. https://www.iplpower.com/Ways_to_Save/Business/Rebates/Custom_Incentives/</p>
Vectran	<p><i>Commercial Design Assistance Program</i> – Provides Energy Design Assistance (EDA) services and financial incentives to support architects, engineers, and building owners who optimize energy savings to reduce operating costs in new construction projects that go beyond Indiana energy code. https://www.vectren.com/savings/in-business/construction</p>
Iowa	
Alliant Energy	<p><i>Residential Rebate Program</i> – New home construction tiered rebate program based on HERS score. https://www.alliantenergy.com/WaysToSave/Rebates/RebateLocatorTool/NewHomeConstruction</p>
Iowa Area Development Group	<p><i>Commercial Low Interest Loan Program</i> – \$50,000-\$500,000 at 1% interest for energy efficient and renewable energy projects, including windows. http://www.iadg.com/services/financial-assistance/iadg-energy-bank/</p>
MidAmerican Energy Company	<p><i>Commercial Rebate Program</i> – To qualify for the rebate, the U-factor and SHGC of the replacement windows must exceed the Iowa Energy Code. https://www.midamericanenergy.com/ia-bus-building-shell.aspx</p>
Kansas	
Kansas Housing Resources Corporation	<p><i>Residential Weatherization Program</i> –Weatherization assistance is available, including weatherstripping windows and doors. http://www.kshousingcorp.org/weatherization.aspx</p>
Midwest Energy, Inc.	<p><i>Residential and Commercial Incentive Program</i> – How\$mart is available to all Midwest Energy residential and small commercial customers and provides money for energy efficiency improvements. Windows may be included. https://www.mwenergy.com/environmental/energy-efficiency/howsmart</p>
Kentucky	
Blue Grass Energy	<p><i>Residential Rebate and Incentive Program</i> – Through the Button-Up Program, members may receive a rebate for energy efficiency improvements, including windows. https://bgenergy.com/content/button-weatherization</p>
Clark Energy	<p><i>Residential Rebate and Incentive Program</i> – Through the Button-Up Program, members may receive a rebate for energy efficiency improvements, including windows. http://www.clarkenergy.com/content/button</p>
Cumberland Valley Electric	<p><i>Residential Rebate and Incentive Program</i> – Through the Button-Up Program, members may receive a rebate for energy efficiency improvements, including windows. http://www.cumberlandvalley.coop/button-up-weatherization-program/</p>
Greater Cincinnati Energy Alliance	<p><i>Commercial Financing Program</i> – Property Assessed Clean Energy (PACE) is an economic development tool designed to assist commercial and industrial building owners to access affordable, long-term financing for clean energy improvements to their buildings. https://www.kypace.org/</p>

<p>InterCounty Electric Cooperative <i>Participants Include:</i> Boyle County Mercer County Casey County Garrard County Marion County Lincoln County</p>	<p><i>Residential Rebate and Incentive Program</i> – Through the Button-Up Program, members may receive a rebate for energy efficiency improvements, including windows. https://www.intercountyenergy.net/content/energy-efficiency</p>
<p>Kentucky Power</p>	<p><i>Residential Energy Efficiency Program</i> – The Targeted Energy Efficiency Program provides weatherization and energy efficiency services to qualifying residential customers who need help reducing their energy bills and improving their homes' safety and comfort. Includes windows and doors. https://www.kentuckypower.com/save/residential/programs/TargetedEnergyEfficiencyProgram.aspx</p>
<p>Kentucky Utilities Company / Louisville Gas & Electric</p>	<p><i>Commercial Energy Rebate Program</i> – Existing building or new building must meet LEED requirements. Envelope will require high performance windows. https://lge-ku.com/bizrebates</p>
<p>MACED HowSmartKY Program <i>Participants include:</i> Big Sandy RECC Fleming-Mason RECC Grayson RECC Farmers RECCC Jackson Energy Licking Valley</p>	<p><i>Commercial and Residential Program</i> – The HowSmartKY Program allows customers to make installment payments as part of their monthly utility bills, gradually paying for the efficiency upgrades by using part of the energy savings generated by the retrofit. An energy assessment is required. The utility will oversee the installation and upgrades. Window replacement is included. https://maced.org/energy-programs/</p>
<p>Nolan RECC</p>	<p><i>Residential Rebate and Incentive Program</i> – Through the Button-Up Program, members may receive a rebate for energy efficiency improvements, including window replacement. http://www.nolinrecc.com/content/button-program</p>
